Subject: PA24/05578 & 05579 Treguddick Farm, South Petherwin - National Highways comments

FAO [REDACTED]

PA24/05578 and PA24/05579: Fodder Beet Store 1 and 2 - Treguddick Farm South Petherwin Launceston

Thank you for providing National Highways with the opportunity to comment on further information submitted in support of the above planning applications for the construction of two fodder stores with associated land reprofiling at Treguddick Farm, South Petherwin.

We note that the further information in respect of each application comprises revised site and section plans, and a supporting statement.
No new information in respect of the traffic impact of the development – primarily during the construction phase – has been provided.

We therefore consider that our recommendations of planning conditions dated 2 April 2025 remains appropriate and we have no further comments at this time.

Kind regards

[REDACTED]
