Change in speed limit on Mains Lane

Following the opening of the A585 Windy Harbour to Skippool bypass, we've been carrying out improvements to Mains Lane (the old A585).

This is to reflect its new function as a local road before we hand it over to Lancashire County Council.

Our work has involved:

- completing a new traffic island at Shard Road junction
 - upgrading traffic signals at Shard Road and Singleton junction and installing new pedestrian crossings
 - installing new 30mph speed limit signs
 - moving the bus stop from Shard Road to Mains Lane and installing tactile paving to improve pedestrian safety
 - installing new cycle lanes on the road between Shard Road and Little Singleton junctions
-

Please be aware that the speed limit has been reduced from 40mph to **30mph** on the section of Mains Lane between Shard and Little Singleton junctions, as planned.

The change in speed limit will make it safer for pedestrians and cyclists. Thank you for your continued patience while we complete our work.
