Subject: RE: Leeds Festival Feedback

Hi

I've already sent this to [REDACTED] but in the event you don't get made aware.

The only issue we had was relating to log 889-260824. North Yorkshire Police advised patrol on the roundabout they were going to perform a TPAC on a stolen vehicle on the A1M. We had no log received from NYP making information hard to gain.

It caused a little congestion on the A1M but understand that a tactical incident supersedes Leeds Festival however it seems to be a common issue with lack of logs exported from them, information and updates from NYP.

I do feel the control point system on the roundabout worked well, helping us keep track of who is working where at all times kept it running smoothly.

Thanks

Subject: Leeds Festival Feedback

Hi all,

Thank you all for your contributions to the safe delivery of the Leeds Festival 2024.

As always, we're looking for feedback to feed into plans for 2025.

Please take a moment to provide me with any feedback you have, good or bad. It really helps me, Festival Republic, WYP and others, understand what worked and where there are opportunities for improvement.

If you can provide feedback ASAP, as I will be contributing to various debriefs for the event in the coming weeks.

Thanks,

[Redacted] - Operations Manager (Operational Technology)
